

Dear Orlando Combo,

I just wanted to drop you a note to thank you all so much for a great performance on Tuesday night at the ANZ Institutional Awards Dinner at Champions.

Your music was exactly what we required - something entertaining yet not too overpowering. It set a fantastic atmosphere to what was a great night all round. Your professional and flexible manner were greatly appreciated - especially with all the presentations that were held throughout the night and the last minute changes to timing. Your performance never wavered, even towards the end of the night when there were only a few stragglers left.

We hope that you enjoyed performing as much as we enjoyed having you there.

I hope to see Orlando Combo at future ANZ events.

Kind regards,

Jessica
