

To whom it may concern:

Thomas and I were very pleased with the performance given by The Orlando Trio. The music gave our cocktail reception a relaxed ambience and the band members were very attentive to our needs, especially since there was another band present performing alternate sets to cater for the traditional Greek folk dancing.

Thomas and I selected The Orlando Trio after ploughing through many sample CD's of different jazz bands. As soon as we heard their sample CD we knew that The Orlando Trio was exactly what we were looking for, particularly the inclusion of a saxophone player as I simply adore live jazz music with a saxophone.

The feedback received from our guests about The Orlando Trio was very complimentary. Thomas and I would like to thank The Orlando Trio for a memorable evening. We were duly impressed with the efforts of the band to play our requested wedding waltz "Wonderful World" and the recommendation of including a vocalist for the evening was very rewarding.

Lastly I would like to thank Lucas with whom I dealt in the co-ordination of the use of the bands services. Thomas and I highly recommend The Orlando Trio for any event and would like to give our kindest regards once again to the band members for a memorable evening.
